THE ANNUAL HARDWARE SHOW

The Annual Hardware Show will be held in the Philadelphia Museum, February 15th to 18th, 1927. Our representatives, Luckin, Curry and Garrett, who have visited you from time to time, will expect you now to visit them at Booth No. 160, the same location as in previous years. Attached are two merchants' season tickets. If more are wanted, please advise us.

QUAKER ADVERTISING CHARTS

The Quaker Chart attached is for your use in mailing or handing to farmers, and should be used without delay. These cards are now being imprinted with our merchants' names, and it is important that you advise us immediately how many are wanted with your firm name imprinted. Preach the gospel of good seeds by letting the trade know that you are concerned only in handling the best.

SEED TRADE CONDITIONS

Space will not permit report in detail on various seed crops on this card. Conditions are about unchanged as compared with last report made. We invite inquiry by telephone or mail regarding any items in which our friends are interested.

LAWN GRASS SEED

If you are located in a territory where lawn grass seed is in demand you should handle "OLD ENGLISH" lawn seed during the Spring season. We particularly ask that you see our representatives at the Hardware Show regarding our sales helps, etc., in the handling of this highly profitable line.

Prices quoted below are to-day's values f. o. b. Philadelphia. Samples sent promptly upon request. Bags not returnable

Quotations above are for French Grown Red Clover seed recleaned over various processes to remove impurities peculiar to foreign grown seeds. French Clover seed may be sold at much lower prices in original heavy burlap sacks. It has always been our policy, however, to oppose the distribution to the farmer of foreign grown Clover seed from original imported packages account of the danger of sowing noxious weed seeds.
